Hand Made Sinks

In history all began with an interaction.  
Stainless steel was formed by the interaction of  
Iron and Chromium,

**interaction is the  
beginning**

**KROMEVEYE**

**KROMEVEYE... The real brand in sinks...**

Krom Evye Sanayi ve Ticaret A.S. was founded in 1979 in Istanbul by Mr. Ahmet SÜZGÜN and has been the leading company in stainless steel kitchen sinks with KROMEVEYE brand since its establishment.

KROMEVEYE, the pioneer of stainless steel sink production in Türkiye, has the largest and at the same time the most advanced stainless steel kitchen sink production line in Turkey.

Approximately 160 people work in the facilities located on an area of 23.000 m<sup>2</sup> and 16.500 m<sup>2</sup> closed area.

KROMEVEYE has a production capacity of 100.000 stainless steel sinks per month.

KROMEVEYE's production quality is registered with ISO 9001:2008, BSCI, CE, IAPMO, CSTB, TSE certificates.

Modelling studies and all molds of the stainless steel kitchen sinks we produce are designed by our R&D engineers in our factory and produced on CNC machines in our own mold shop.

For 45 years, the name of the kitchen sink has been engraved in the memories as KROMEVEYE by proving its quality with the use of millions of people in Türkiye. Not only that, KROMEVEYE continues to export KROMEVEYE products to nearly 40 countries including European countries such as France, Germany, Italy, Switzerland, England, Austria, Czechia and Hungary.

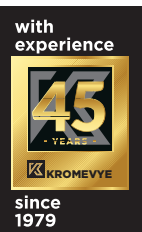

File Number: 16839

In addition, KROMEVEYE established factories in Egypt, Russia, Ukraine, Algeria and Morocco in order to meet the international demand and still continues its production with foreign partnerships.

Today, the second generation of the family continues the journey with innovations and breakthroughs that Mr. Ahmet SÜZGÜN started in 1979.

KROMEVEYE, which has been renewed altogether, now works with SAP-based planning, production, sales and finance management system.

As the leader of the sector as it has been for 45 years, KROMEVEYE manufactures sinks produced with the latest automation systems as well as sinks that appeal to the upper group produced with precise hand workmanship.

**KROMEVEYE, Türkiye's leading brand ...**

**KROMEVEYE, Always the leader ...**

Sink factories in 4 countries

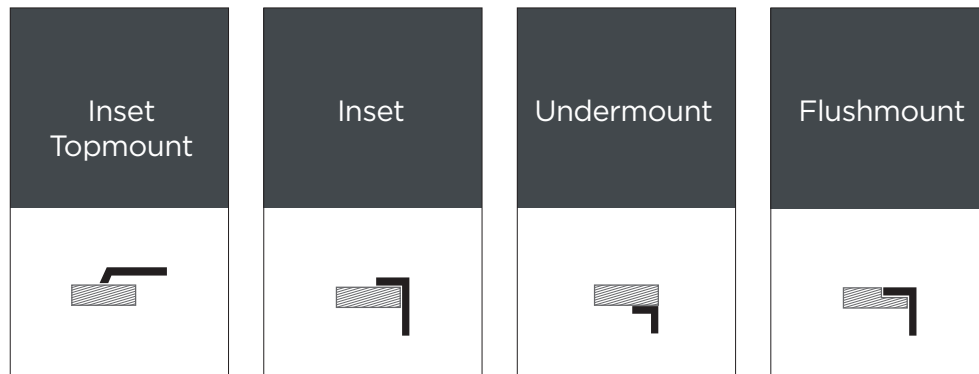

23.000 m<sup>2</sup> production facility

The kitchen sink is seen as the heart of the kitchen, let your imagination run free with a range of options to help maximise space and accentuate the look of the room.

**The following information will help to ensure that your ideal sink is the perfect fit for your kitchen.**

### Sink mounting options

## IAPMO RESEARCH AND TESTING, INC.

5001 E. Philadelphia Street, Ontario, CA 91761 • Phone (909) 472-4100 • Fax (909) 472-4244 • www.iapmo.org

### CERTIFICATE OF LISTING

IAPMO Research and Testing, Inc. is a product certification body in which its product certification system includes inspection and testing of samples taken from the supplier's stock or from the market or a combination of both to verify compliance to the requirements of applicable codes and standards. This activity is coupled with periodic surveillance of the supplier's factory and/or warehouses as well as the assessment of the supplier's Quality Assurance System. This listing is subject to the conditions set forth in the characteristics below and is not to be construed as any recommendation, assurance or guarantee by IAPMO Research and Testing, Inc. of the product acceptance by Authorities Having Jurisdiction.

Issued To:

### KROM EVYE SAN. VE TIC. A. S.

AKCABURGAZ MAH. 117 SOK. NO. 19 ESENYURT ISTANBUL, Turkey

Product:

#### Plumbing Fixtures (Stainless Steel)

Products are in compliance with the following code(s):

Uniform Plumbing Code (UPC®)  
National Plumbing Code of Canada

Products are certified to the following standard(s):

ASME A112.19.3-2022/CSA B45.4-22

File Number: 16839

Effective Date: October 2024

Void After: October 2029\*

\*This certificate is not evidence of current listing. To verify listing status, visit the IAPMO R&T Product Listing Directory at [pl.iapmo.org](http://pl.iapmo.org)

This listing period is based upon the last date of the month indicated on the Effective Date and Void After Date shown above. Any change in material, manufacturing process, marking or design without having first obtained the approval of the Product Certification Committee, or any evidence of non-compliance with applicable codes and standards or of inferior workmanship, may be deemed sufficient cause for revocation of this listing. Production of or reference to this form for advertising purposes may be made only by specific written permission of IAPMO Research and Testing, Inc. Any alteration of this certificate could be grounds for revocation of this listing. This document shall be reproduced in its entirety.

Kromeveye sinks rank among the most durable sinks in the market since they are manufactured from 18/10 stainless steel up to 1 mm in thickness. The main advantage of thicker steel are greater impact resistance, increased stability of a sink tap and significantly reduced level of water splashing noise. In weight comparison, sinks made of thicker stainless steel are heavier.

Granite composite sinks are composed of granite parts tightly bound with high quality acrylic resin, which helps to acquire excellent mechanical properties and chemical persistence.

### Features

- Undercoated and Sound Pads
- Template and Mounting Clips
- Individual custom carton package or 3 per carton
- Customized Thickness & Depth
